SUMMARY

Cybersecurity and IT professional with hands-on experience managing endpoint security, infrastructure, and network operations for a multi-channel e-commerce business. Currently completing a B.S. in Cybersecurity & Information Assurance at WGU with certifications including CySA+, Security+, and SSCP.

EDUCATION

B.S. Cybersecurity & Information Assurance

Western Governors University

Expected May 2026

WORK EXPERIENCE

Belmont Leather Company

2021 – Present

Systems Administrator and Security Administrator

Clifton, NJ

- Serve as sole internal IT administrator responsible for workstations, printers, storage systems, backups, network-connected devices, and daily technical troubleshooting.
- Manage ESET EDR and ESET Cloud Protect across company devices with automated alerting for threat detection, weekly review of CVE exposure, and endpoint update management.
- Built a Wazuh lab deployment for security monitoring, log visibility, and hands-on SIEM experience to strengthen internal security practices and personal blue team development.
- Installed and configured Ubiquiti UniFi network and 10-camera UniFi Protect surveillance system, establishing real-time monitoring capabilities.
- Implemented TrueNAS storage server with Acronis Cloud Backup schedules, configured SMB file shares, and monitored performance to deliver continuous data availability.

Southern New Hampshire University

2016 –2018

IT Help Desk Technician & Media Services Specialist

Manchester, NH

- Provided Tier 1 and Tier 2 IT support for 200+ users across software installation, hardware troubleshooting, account access, and connectivity issues.
- Performed malware removal and installed required security software on student devices, enforcing university cybersecurity policies safeguarding network integrity.
- Provided on call maintenance of classroom technology, including projectors, computers, and audio systems, delivering seamless operation.
- Coordinated with networking teams to diagnose and resolve connectivity issues, minimizing downtime across campus environments.
